## TRAIN YOUR TECHNICIANS AT HALF PRICE!

90 minutes per week

**IrriTech Training is an approved training provider for MA Workforce Development Express Program! This program will reimburse 50% of the training cost MA based employers that enroll their employees in one of the following courses:**

### IRRIGATION DIAGNOSTIC TECHNICIAN TRAINING

*Starts: Tuesday, 8/25 4:00-5:30*

This training is a 10 week course to develop a standard level of competency for the technician who diagnoses and repairs irrigation systems. The course covers industry equipment and proper use, electrical and hydraulic diagnostic skills, troubleshooting tools, technician level hydraulic and design principles, safety and basic plant-soil-water relationships. The course will prepare and include the IA CIT examination. Includes study materials. Cost: \$750

### IRRIGATION SCHEDULING TECHNICIAN TRAINING

*Starts: Thursday, 8/27 4:00-5:30*

This training is a 14 week course to build on the skills of a DT to be able to evaluate the performance of an irrigation system, recommend improvements and be able to schedule efficiently based on a more advanced understanding of the system hydraulics, spacing and soil-plant-water relationships. Course will include fieldwork to practice analysis and landscape irrigation auditor skills. The course will prepare and include the IA CLIA examination. Includes study materials. Cost: \$1050

## KEY FEATURES & BENEFITS:

- ◆ Develop and standardize your technician skills.
- ◆ Build your company credibility with IA Certification.
- ◆ Convenient remote, online learning – **90 minutes per week**.
- ◆ Sessions run from 4-5:30 pm and will be recorded (there are attendance requirements for reimbursement).
- ◆ 50% reimbursement from MA DET Workforce Development – return on your unemployment contributions!
